SOLUTIONS GUIDE

Microsoft Teams in the Workplace

Microsoft Teams offers smarter ways to connect and work together in the ever-changing workplace. Work how you want. Where you want.

Microsoft Teams & NuWave Communications

For more information, go to [Nuwave.com/mssolutions/nuwave-microsoft-teams](https://nuwave.com/mssolutions/nuwave-microsoft-teams)

NuWave Communications is a global communications service provider with a continuing mission to sustain mutually valuable relationships with our customers, employees, and communities. NuWave offers a fully automated custom built portal that allows for immediate provisioning of Teams PSTN Calling Plans, phone numbers, Teams devices, etc. In this self-service model, NuWave now also provides clients with a step by step guide for provisioning their tenant and users voice routing. The solution offering includes Per User calling plans or Shared Trunk/Call Paths and can accommodate both new number requests as well as porting numbers.
